

# **2019 Shanghai Concord Bilingual School Admissions**

## **Guideline for Primary School Students**

### **I. Introduction to the school**

Shanghai Concord Bilingual School (hereafter referred to as ‘Shanghai Concord’) is the first internationalized private school in the Huangpu District. Recruiting students from Year 1 to 12, the college is fully supported by the Party Committee and the Government of Huangpu District and is guided by the Huangpu District Education Bureau. We will recruit Primary School Grade One students for the second year in 2019.

In order to achieve the high academic standard we aspire to, we will be working in cooperation with the UK’s premier international school, Concord College UK.

Shanghai Concord has a management team led by the former Principal of the High School affiliated to Fudan University, Mr Xie Yingping, who has a leading reputation and considerable influence in the field of education in the region. Meanwhile, Mrs. Rachel Borland joined SCBS as the new Executive Principal. Using her experience learnt in the many schools she has led, Mrs. Borland is well positioned to lead SCBS in the direction of high achievement and with eyes on the very top universities worldwide, and she will ensure that students are well positioned with the skills needed to gain a prestigious place in a top university. In addition, our new school has received full support from Concord College UK in appointing the academic management team and excellent foreign teachers. With the local academic leaders and young teachers with great potential, the first class staff team has committed to building an international environment in the school and this new community is working within an atmosphere of mutual respect and understanding. We have established a school that has bilingual courses, Chinese and English enrichment courses with their own characteristics. Such an approach has offered students not only academic development but also developed an independent learning style and career planning. We believe that this is the best way to foster students who not only have regional, cultural and national identity with an international perspective but also have physical and mental health, curiosity and creativity. It is our goal to imbue our students with this ethos so that they will become the backbone of our future society.

Shanghai Concord is located at No.53 Ru Nan Street in Huangpu District. Although currently housed on a temporary campus, it has the quality of an international school.

SCBS can provide students with school buses and some students in need with accommodation (Chongming and Jinshan residents only).
